

Appendix 4. Books and other materials, listed as belonging to the Edinburgh Veterinary Medical Society, to be removed from the Clyde Street Veterinary College and transferred to the New Veterinary College, at Gayfield House in 1874. (In ERA, the Edinburgh Research Archive, the University of Edinburgh.)

Note: Where original list numbers are missing that is because the item had been cancelled from the list.

- Abercrombie, John (1780-1844). *Pathological and practical researches on diseases of the stomach, the intestinal canal, the liver, and other viscera of the abdomen*. Edinburgh, 1828. [1. Abercrombie on Diseases of the Stomach.]
- Addison, Thomas (1793-1860). **NOT FOUND**: Possibly being or including: *On the difficulties and fallacies attending physical diagnosis of diseases of the chest, read before the Guy's Physical Society, in certain convulsive and spasmodic disease*. AND: *On the Constitutional and Local Effects of Disease of the Supra-Renal Capsules*. London, 1855. [2. Addison's Physiological Researches.]
- Addison, Thomas (1793-1860). *On healthy and diseased structure and true principles of treatment for the cure of disease, especially consumption and scrofula: founded on microscopical analysis*. London, 1849. [3. Addison On consumption]
- Agassiz, Louis Jean Rodolphe (1807-1873); Gould, Augustus Addison (editor); Wright, Thomas (editor). *Outlines of comparative physiology*. London, 1851. [4. Agassiz's Comparative Physiology.]
- Miller, James (1812-1864). *Alcohol: its place and power*. Scottish Temperance League: Glasgow, 1858. [5. Alcohol: its Place and Power.]
- Alston, Charles (1683-1760). *Lectures on the materia medica: containing the natural history of drugs, their virtues and doses: also directions for the study of the materia medica; and an appendix on the method of prescribing*. 2 volumes. London, 1770. [6. Alston's Materia Medica.]
- Alison, William Pulteney (1790-1859). *Outlines of pathology and practice of medicine*. Edinburgh, 1833. [7. Alison's Outlines of Pathology and Practice, 3 parts.]
- Alken, Henry Thomas (1784-1851). *The beauties and defects in the figure of the horse comparatively delineated ... in a series of coloured plates*. London, 1816. [8. Atken on the Beauties of the Horse.]
- American Veterinary Journal*. Dadd, G.H. (editor). Boston, 1851-52. [9. American Veterinary Journal, 1851-52.]
- Anatomical Examinations*. 4th edition. London, 1818. [10. Anatomical Examinations, 2 vols.]
- Thompson, Theophilus (1807-1860). *Annals of influenza, or, Epidemic catarrhal fever in Great Britain from 1510 to 1837*. London, 1852. 2 copies. [11. Annals of Influenza 2 copies.]
- Arataeus; Adams, Francis (1796-1861) (translator, editor). *The extant works of Arataeus ...* London, 1856. [12. Arataeus, Extant Works of.]
- Aitken, William (1825-1892). *The science and practice of medicine*. London, 1868. [13. Aitken's Science and Practice of Medicine 4 vols.]

- Anderson, Thomas (1819-1874). *Elements of agricultural chemistry*. Edinburgh, 1860. [14. Anderson's Agricultural Chemistry.]
- Knox, Frederick John (1795-1874). *The anatomist's instructor and complete guide to anatomical manipulation*. Edinburgh, 1854. [15. Anatomical Manipulations.]
- Beal, Lionel Smith (1828-1906). *On urine, urinary deposits, and calculi: ...* London, 1864. [16. Beale of Urine and Urinary Deposits.]
- Ballard, Edward (1820-1897). *The physical diagnosis of diseases of the abdomen*. London, 1852. [17. Ballard on the Diseases of the Abdomen.]
- Bartlet, John (1716?-1772). *The gentleman's farriery; or A practical treatise on the diseases of horses*. London, 1796. [18. Bartlett's Farriery.]
- Ballingall, George (1780-1855). *Outlines of the course of lectures on military surgery, delivered in the University of Edinburgh*. London, 1833. [19. Ballingall's Outlines of Military Surgery.]
- Barclay, John (1758-1826). *A new anatomical nomenclature, relating to the terms ... expressive of position and aspect in the animal system*. Edinburgh, 1803. [20. Barclay's Anatomical Nomenclature.]
- Barlow, William Frederick (1817-1853). *On fatty degeneration*. London, 1853. [21. Barlow on Fatty Degeneration.]
- Barlow, George Hilario (1806-1866). *A manual of the practice of medicine*. London, 1856. [22. Barlow's Practice of Medicine.]
- Bateman, Thomas (1778-1821). *A practical synopsis of cutaneous diseases ...* 3rd edition. London, 1814. [23. Bateman's Synopsis of Cutaneous Diseases.]
- Beale, Lionel Smith (1828-1906). *The microscope, and its application to clinical medicine*. London, 1854. [24. Beale on the Microscope.]
- Beasley, Henry. *The pocket formulary; and synopsis of the British & foreign pharmacopoeias*. 3rd edition: London, 1844. [25. Beasley's Pocket Formulary.]
- Bell, Charles (1774-1842). *A system of operative surgery, founded on the basis of anatomy*. 2 volumes. London, 1807-09. [26. Bell's Surgery, 2 vols.]
- Bell, Benjamin (1749-1806). *A treatise on the theory and management of ulcers; with a dissertation on white swellings of the joints. To which is prefixed an essay on the chirurgical treatment of inflammation and its consequences*. 4th edition. Edinburgh, 1784. [27. Bell on Ulcers, 2 copies.]
- NOT FOUND** Possibly Henry Berry, Rev. *Improved Short-Horns, and their pretensions stated: being an account of this celebrated breed of cattle ... to which is added an enquiry as to their value for general purposes placed in competition with the improved Herefords ... second edition*. London, 1830. [28. Bell on Improved Breed of Shorthorns.]
- Bennett, John Hughes (1812-1875). *On cancerous and cancroïd growths*. Edinburgh, 1849. [29. Bennet on Cancer and Cancroïd Growths.]
- Bennett, John Hughes (1812-1875). *Lectures on clinical medicine*. Edinburgh, 1850-56. [30. Bennet's Clinical Medicine, 7 Nos., sewed.]
- Bennett, John Hughes (1812-1875). *An introduction to clinical medicine. Six lectures*. 2nd edition: Edinburgh, 1853. [31. Bennet's Introduction to Clinical Medicine.]
- Bennett, John Hughes (1812-1875). *Outlines of physiology*. Edinburgh, 1858. [32. Bennet's Outlines of Physiology.]
- Bennett, John Hughes (1812-1875). *The pathology and treatment of pulmonary tuberculosis; and on the local medication of pharyngeal and laryngeal diseases*,

- frequently mistaken for, or associated with, phthisis.* Edinburgh, 1853. [33. Bennet on Pulmonary Tuberculosis.]
- Bennett, John Hughes (1812-1875). *Clinical lectures on the principles and practice of medicine.* Edinburgh, 1858. [34. Bennet's principles and Practice of Medicine.]
- Billing, Archibald (1791-1881). *First principles of medicine.* London, 1831. [35. Billing's Principles of Medicine.]
- Bird, Golding (1814-1854). *Urinary deposits, their diagnosis, pathology and therapeutical indications.* London, 1844. [37. Bird on Urinary Deposits.]
- Blaine, Delabere Pritchett (1770-1845). *Canine pathology: or, a description of the diseases of dogs, nosologically arranged, with their causes, symptoms, and curative treatment; preceded by a sketch of the natural history of the dog; with practical directions on the breeding, rearing, and salutary treatment of these animals. 4th edition.* London, 1832. [with No. 44 and stamp] [39. Blaine on the Dog, 2 copies]
- Blumenbach, Johann Friedrich; Lawrence, William (1783-1867) (translator). *A manual of comparative anatomy. Translated ... with additional notes by W. Lawrence.* London, 1827. [40. Blumenbach's Comparative Anatomy.]
- Boussingault, Jean Baptiste Joseph Dieudonne (1802-1887); Law, George (translator, editor). *Rural economy, in its relations with chemistry, physics, and meteorology; or an application of the principles of chemistry and physiology to the details of practical farming. Translated, with an introduction and notes by George Law. 2nd edition:* London, 1845. [41. Boussingault's Rural Economy]
- Bowman, John Eddowes (1819-1854). *A practical handbook of medical chemistry.* London, 1850. [42. Bowman's Medical Chemistry.]
- Brown, George Thomas (1827-1906). *The teeth of the ox as indicative of age. An explanation of the signs afforded by the incisor-teeth during temporary and permanent dentition.* London, 1854. [43. Brown on the Teeth of the Ox, 2 copies.]
- Budd, George (1808-1882). *On diseases of the liver.* London, 1845. [44. Budd on Diseases of the Liver.]
- Burn, Robert Scott (1825-1901). *Practical ventilation, as applied to public, domestic, and agricultural structures ...* Edinburgh, 1850. [45. Burn on ventilation.]
- Carpenter, William Benjamin (1813-1885). *Principles of general and comparative physiology.* London, 1839. [47. Carpenter's Comparative Physiology, 3 copies.]
- Carpenter, William Benjamin (1813-1885). *Principles of human physiology, with their chief applications to psychology, pathology, therapeutics, hygiene, and forensic medicine.* London, 1842. [48. Carpenter's Human Physiology, 2 copies.]
- Carpenter, William Benjamin (1813-1885). *A manual of physiology, including physiological anatomy.* London, 1846. [49. Carpenter's Manual of Physiology, 2 copies.]
- Carpue, Joseph Constantine (1764-1846). *A description of the muscles of the human body, as they appear on dissection; with the synonyma of Cowper, Winslow, Douglas, Albinus, and Innes, and the nomenclature of Dumas ... with prints and maps.* London, 1801. [50. Carpen on the Muscles of the Human Body.]

- Chapman, Edward (1804-1880). *A manual of materia medica, pharmacology, toxicology*. Edinburgh, 1850. [51. Chapman's Manual of Materia Medica.]
- Cherry, Frederick Clifford (1779-1854). *Broken knees, and their treatment with some account of a new operation ... to which is added, observations on the treatment of horses' feet, in the stable*, London, 1830. [52. Cherry on Broken Knees, in vol. of pamphlets.]
- Chevalier, Thomas (1767-1824). *Lectures on the general structure of the human body, and on the anatomy and functions of the skin*. London, 1823. [53. Chevalier on the Structure of the Human Body.]
- Christison, Robert (1797-1882). *A dispensatory, or commentary on the pharmacopoeias of Great Britain*. Edinburgh, 1842. [54. Christison's Dispensatory, 3 copies.]
- Christison, Robert (1797-1882). *A treatise on poisons, in relation to medical jurisprudence, physiology, and the practice of physic*. 2nd edition: Edinburgh, 1832. [55. Christison on Poisons.]
- Clark, Bracy (1771-1860). *Hippodonomia; or, the true structure, laws, and economy of the horse's foot. Also Podophthora; or a ... defect in ... the common shoe detected and demonstrated, ...* London, 1829. [56. Clark's Tracts on the Horse's Foot.]
- NOT FOUND** Possibly Clark, James (1732-1808). First lines of veterinary physiology and pathology. Edinburgh, 1806. [57. Clark's Veterinary Prophylaxis.]
- Cogswell [Cogswill], Charles (1813-1892). *An experimental essay on the relative physiological and medicinal properties of iodine and its compounds, being the Harveian prize dissertation for 1837*. Edinburgh, 1837. [58. Cogswell on Iodine.]
- Combe, Andrew (1797-1847). *The physiology of digestion considered with relation to the principles of dietetics*. 5th edition: Edinburgh, 1845. [written over with 'Edinburgh Vet. Medical Library 1849'] [59. Combe on Dietetics, 2 copies.]
- Combe, Andrew (1797-1847). *The principles of physiology applied to the preservation of health, and to the improvement of physical and mental education ...* 3rd edition: Edinburgh, 1835. [60. Combe's Physiology and Constitution of Man.]
- Cooper, Astley Paston (1768-1841). *A treatise on dislocations and fractures of the joints*. London, 1822. [61. Cooper (Sir Astley) on Dislocations.]
- Cooper, Astley Paston (1768-1841). *The anatomy and surgical treatment of abdominal hernia: in two parts*. 2nd edition: London, 1827. [62. Cooper on Hernia.]
- Cooper, Astley Paston (1768-1841); Lee, A. (editor). *The principles and practice of surgery ...* 1 volume. London, 1851. [63. Cooper's Surgery.]
- Copland, James (1791-1870). *A dictionary of practical medicine*. London, 1858. [64. Copland's Dictionary of Practical Medicine.]
- Cormack, John Rose (1815-1882). *Treatise on the chemical, medicinal and physiological properties of creosote, illustrated by experiments on the lower animals, ...* Edinburgh, 1836. Harveian prize dissertation, 1836. [65. Cormack on Creosote.]
- Cormack, John Rose (1815-1882). *Natural history, pathology, and treatment of the epidemic fever at present prevailing in Edinburgh and other towns, ...* London, 1843. [66. Cormack on Epidemic Fever.]

- Cotton, Richard Payne (1820-1877). *The nature, symptoms, and treatment of consumption: being the essay to which was awarded the Fothergillian gold medal of the Medical Society of London*. London, 1852. [67. Cotton on Consumption.]
- Courtney, Francis Burdett (1811-1886). *On the treatment of stricture of the urethra: with the reasons why the so often appear incurable*. London, 1858. 2 copies. [68. Courtney on Stricture of the Urethra 2 copies.]
- Craigie, David (1793-1866). *Elements of the practice of physic, presenting a view of the present state of special pathology and therapeutics*. 2 volumes. Edinburgh, 1836-40. [69. Craigie's Practice of Physic, 2 vols.]
- Cullen, William (1710-1790). *Lectures on the materia medica*. London, 1772. [70. Cullen's Materia Medica.]
- Cuvier, Georges Léopold Chrétien Frédéric Dagobert de; baron (1769-1832). *The animal kingdom*. London, 1827. [71. Cuvier's Animal Kingdom, 1 vol.]
- Cuvier, Georges Léopold Chrétien Frédéric Dagobert de; baron (1769-1832). *Anatomie comparée*. Paris, 1850. [72. Cuvier's Comparative Anatomy, 2 vols.]
- Colin, Gabriel (1825-1896) *Traité de physiologie comparée des animaux domestiques*. Paris, 1854-1856. 2 vols. [73. Collins Comparative Physiology 2 vols.]
- NOT FOUND** Possibly [George Mogridge, (1787-1854).] *The old sea captain*. London, 1842. [75. Captains Old sea.]
- Clater, Francis (1756-1823). *Every man his own cattle doctor, or, A practical treatise on the diseases of horned cattle, and sheep*. Halifax, 1861. [76. Clater's Cattle Doctor by 3 copies.]
- Dadd, George H. (1813-1868). *Modern Horse Doctor: containing practical observations on the causes, nature and treatment of disease and lameness in horses*. New York, 1854. [77. Dadd's Modern Horse Doctor.]
- Dadd, George H. (1813-1868). *Anatomy and physiology of the horse: with anatomical and questional illustrations*. Boston, 1857. 4 copies. [78. Dadd's Anatomy and Physiology of the Horse 4 copies.]
- Darvill, Richard. *A treatise on the care, treatment, and training of the English race horse, ...* London, 1828-1834. [79. Darvill on the Race Horse, 2 vols.]
- Davies, Thomas (1792-1839). *Lectures on the diseases of the lungs and heart*. London, 1835. [80. Davis on Diseases of the Lungs.]
- Dick, William (1793-1866). *Manual of Veterinary science: forming the article under that head in the seventh edition of the Encyclopaedia Britannica*. Edinburgh, 1841. [81. Dick's (Prof.) Manual of Veterinary Science, 2 copies.]
- Dick, William (1793-1866). 'On cholera in domesticated animals.' *Veterinarian*, 1833, VI, 207-226. [82. Dick (Professor) on Cholera in Domestic Animals.]
- Dick, Robert. (1810-1878). *Derangements, primary and reflex, of the organs of digestion*. Edinburgh, 1840. [83. Dick on the Digestive Organs.]
- Dickson, James; cattle dealer. *The breeding and economy of live stock, being the result of forty years' practical experience in the management and disposal of cattle, horses, sheep, and pigs*. Edinburgh, 1851. [84. Dickson on Live Stock.]
- Dickson, Walter B. *Poultry: their breeding, rearing, diseases, and general management*. 2nd edition: London, 1847. [85. Dickson on Poultry.]
- Dixon, James (1813-1896). *A guide to the practical study of diseases of the eye*. London, 1855. [86. Dixon on the Eye.]

- Dublin dissector, or manual of anatomy ... by a Member of the Royal College of Surgeons in Ireland.* 3rd edition: Dublin, 1831. [87. Dublin Dissector, 2 vols., 2 copies.]
- Draper, John William (1811-1882). *Human physiology, statical and dynamical; or the conditions and course of the life of man.* London, 1856. [88. Draper's Human Physiology.]
- Druitt, Robert. *The surgeon's vade-mecum.* 3rd edition: London, 1843. [89. Druitt's Surgeon's Vade-Mecum.]
- Dun, Finlay (1830-1897). *Veterinary medicines: their actions and uses.* Edinburgh, 1854. [90. Dun's Veterinary Medicine, 2 copies.]
- Duncan, Andrew (1744-1828). *Heads of lectures on the institutions of medicine.* 7th edition: Edinburgh, 1822. [91. Duncan on the Institutes of Medicine.]
- Dunghlison, Robley (1798-1869). *Human physiology; illustrated by engravings.* 2 volumes, 2nd edition: Philadelphia, 1836. [92. Dunghlison's Human Physiology, 2 vols.]
- Dunghlison, Robley (1798-1869). *A dictionary of medical science ...* Philadelphia, 1848. [93. Dunghlison's Dictionary.]
- Dobson, Joseph R. *The ox: his diseases, and their treatment. With an essay on the parturition in the cow.* London, 1864. 2 copies. [94. Dobson on the Ox 2 copies.]
- Dymond, Jonathan, (1796-1828). *Essays on the principles of morality, and on the private and political rights and obligations of mankind.* Edinburgh, 1842. [95. Dymonds Essays on Morality.]
- Dick, William. (1793-1866) author; Pringle, Robert Oliphant, writer of supplementary textual content. *Occasional papers on veterinary subjects by William Dick.* Edinburgh, 1869. [96. Dick's Veterinary Writings. 3 copies.]
- Edward, Stanley (1791-1862). *A manual of practical anatomy: for the use of students engaged in dissections.* London, 1818. [97. Edward's Anatomy.]
- Philips, Richard (1778-1851). *Observations on the Edinburgh Pharmacopoeia, and on the dispensatories of Dr Christison and Dr A.T. Thomson: to which are added, illustrations of the present state of pharmacy in England.* London, 1846. [98. Edinburgh Pharmacopoeia.]
- Ellis, George Viner. (1812-1900). *Demonstrations of anatomy: being a guide to the dissection of the human body.* London, 1840. [99. Ellis' Demonstrations of Anatomy.]
- Erichsen, John Eric (1818-1896) (editor). *Observations on aneurism selected from the works of the principal writers on that disease from the earliest periods to the close of the last century.* London, 1844. [100. Erichsen on Aneurism.]
- Erichsen, John Eric (1818-1896). *The science and art of surgery, ...* London, 1853. [101. Erichsen's Science and Art of Surgery.]
- Etherington, George F. *Vivisection investigated and vindicated.* Edinburgh, 1842. [102. Etherington on Vivisection.]
- Ellis, Andrew (1792-1867). *Lectures and observations on clinical surgery.* London, 1846. [103. Ellis Surgery.]
- Feuchtersleben, Ernst von; baron (1806-1849); Lloyd, H. E. (translator); Babington, B. G. (revisor, editor). *The principles of medical psychology: being the outlies of a course of lectures.* London, 1847. [104. Feuchtersleben's Medical Psychology.]

- Fresenius, C.R. (1818-1897). *A system of instruction in qualitative chemical analysis*. (Ed. J.L. Bullock). London.1854. [105. Fresenius Qualitative Analysis.]
- Fresenius, C.R. (1818-1897). *Qualitative chemical analysis*. (Ed. A. Vacher) London. 1869. [106. Fresenius Qualitative Analysis.]
- Fownes, George (1815-1849). *A manual of elementary chemistry, theoretical and practical*. London, 1844. [107. Fowne's Chemistry, 3 copies.]
- Field, John; Field, William (editor). *Posthumous extracts from the veterinary records of the late John Field. Edited by his brother, William Field*. London, 1843. [108. Field's Veterinary Record.]
- Fowler, R. *The medical vocabulary: containing a concise explanation of the terms used in medicine and its accessory sciences*. London, 1860. [109. Fowler's Medical vocabulary.]
- Fitzwygram, F. (1823-1904). *Notes on shoeing horses*. London. 1863. 1 copy. [110. Fitzwygram on shoeing horses 1 copy.]
- Fleming, G. (1833-1901) *Horseshoes and on horse-shoeing: their origin, history, uses, and abuses*. London, 1869. [111. Fleming on Horse Shoeing.]
- Gairdner, William (1793-1867). *On gout; its history, its causes and its cure*. London, 1849. [112. Gairdner on Gout.]
- Galloway, Robert. (1822-1896). *A manual of qualitative analysis*. London, 1850. [114. Galloway's Chemical Analysis.]
- Gamgee, John (1831-1894) and Law, James (1838-1921). *General and descriptive anatomy of the domestic animals. Vol 1, parts 1 and 2*. Edinburgh.1861-1862. [115. Gamgee's (John) Anatomy Parts I and II, 11 copies.]
- Gamgee, Joseph Sampson (1828-1886). *On the advantages of the starched apparatus in the treatment of fractures and diseases of the joints, being the first part of an essay to which the Council of University College have awarded the Liston clinical medal*. London, 1853. [116. Gamgee (Joseph Samson) on the Advantages of the Starched Apparatus.]
- Gamgee, Joseph Sampson (1828-1886). *Researches in pathological anatomy and clinical surgery*. London, 1856. [117. Gamgee's J. S. Researches in Pathological Anatomy and Clinical Surgery.]
- Gamgee, Joseph Sampson (1828-1886). **NOT FOUND** [118. Gamgee's J. S. Pamphlets 1 vol.]
- Gamgee, John (1831-1894). *Our domestic animals in health and disease. Part 1: Organs of digestion: their functions and disorders*. Edinburgh 1861. six copies. [119. Gamgee's (John) Domestic animals Part 1 six copies.]
- Gamgee, John (1831-1894). *Dairy stock: its selection, diseases, and produce, with a description of the Brittany breed*. Edinburgh. 1861. [120. Gamgee's (John) Dairy Stock.]
- Gamgee, John (1831-1894). *On the study of veterinary medicine, being an inaugural address at the opening of the Edinburgh New Veterinary School*. Edinburgh, 1857. [121. Gamgee's (John) Vade mecum, 1 copy.]
- Glen, John. *Theory of the influence exerted by the mind over the body in the production and removal of morbid and anomalous conditions of the animal economy. Bulwer Lytton prize essay*. Edinburgh, 1855. [122. Glen on the Influence of the Mind over the Body.]
- Goddard, Paul Beck (1811-1866). *The anatomy, physiology, and pathology of the human teeth: with the most approved methods of treatment: including*

- operation s, and the methods of making and setting artificial teeth.*
Philadelphia, 1844. [123. Goddard on the Teeth.]
- Good, John Mason (1764-1827); Cooper, Samuel. *The study of medicine.* 4th edition: 4 volumes. London, 1834. [124. Good's Study of Medicine, by Cooper, 3 vols.]
- Goodsir, John (1814-1867). *Anatomical and pathological observations.* Edinburgh, 1845. [125. Goodsir's Anatomical and Pathological Observations, 1 copy.]
- Goodwin, Joseph. *A new system of shoeing horses.* London, 1824. [126. Goodwin on Shoeing.]
- Gordon, John (1786-1818). *Observations on the structure of the brain, comprising an estimate of the claims of Drs. Gall and Spurzheim to discovery in the anatomy of that organ.* Edinburgh, 1817. [127. Gordon on the Brain.]
- Graham, Thomas (1805-1869). *Elements of chemistry; including the applications of the science in the arts.* London, vol. 1, 1850. [128. Graham's Chemistry, vol. 1.]
- Grantham, John (1800-1873). *Facts and observations in medicine and surgery: ...* London, 1844. [129. Grantham's Facts in Medicine and Surgery.]
- Granville, Augustus Bozzi (1783-1872). *A report of the practice of midwifery at the Westminster General Dispensary during 1818; including new classifications of labours, abortions, female complaints, and the diseases of children; and the probabilities of abortion taking place at different periods of pregnancy ... with select cases and formulae.* London, 1819. [130. Granville on Abortion.]
- Graves, Robert James (1796-1853). *A system of clinical medicine.* Dublin, 1843. [131. Grave's Clinical Medicine, 2 vols.]
- Graves, Robert James (1796-1853) & (Ed.) Neligan, J. Moore (1815-1863). *A system of clinical medicine.* 2nd edition, Dublin, 1848. [132. Grave's Clinical Medicine, by Neligan.]
- Gray, Henry (1825-1861). *On the structure and use of the spleen.* London, 1854. [133. Gray on Spleen.]
- Gregory, William (1803-1858). *Letters to a candid inquirer on animal magnetism.* London, 1851. [134. Gregory's Animal Magnetism.]
- Gregory, William (1803-1858). *Outlines of chemistry, for the use of students.* London, 1845. [135. Gregory's Organic Chemistry.]
- Gregory, George (1790-1853). *Elements of the theory and practice of medicine.* London, 1835. [136. Gregory's Theory and Practice of Medicine.]
- Celsus, Aulus Cornelius. *Of medicine in eight books: Translated with notes critical and explanatory, by James Greive, M.D.* Edinburgh, 1838. [137. Greive's Celsus 3 copies.]
- Griffiths, Thomas. *Chemistry of the Crystal Palace: a popular account of the chemical properties of the chief materials employed in its construction.* London, 1851. [138. Griffith's Chemistry of the Crystal Palace.]
- Grove, John (1815-1895). *Epidemics examined and explained: or, living germs proved by analogy to be a source of disease.* London, 1850. [139. Grove on Epidemic.]
- Girard, François Narcisse. (1796-1825) *A treatise on the teeth of the horse: shewing its age by the changes the teeth undergo, from a foal up to twenty-three years old; especially after the eighth year. Translated from the French of M. Girard ... by T. Irwin Ganly.* London. 1829. [140. Girard on the Teeth of the Horse.]

- Gully, James Manby (1808-1883). *The water cure in chronic disease*. 4th edition: London, 1846. [141. Gully on the Water Cure.]
- Gunther, Friedrich August (1802-1865). *New manual of homoeopathic veterinary medicine, ... Translated from 3rd German edition, with considerable additions*. London, 1847. [142. Gunter's Manual of Veterinary Homœopathy.]

- Youatt, William (1776-1847) and Spooner, William Charles (1809?-1885). *Appendix to the horse [by W. Youatt] as published by the Society for the Diffusion of Useful Knowledge*. London, 1849. [374. Youatt on the Horse, by Spooner.]

Text Books

- [375. Walther's Dictionary] **NOT FOUND**
- [376 Todd and Bowman's Physiology] Todd, Robert Bentley (1809-1860) and Bowman, William (1816-1892). *The physiological anatomy and physiology of man*. 2 volumes. London, 1845-56.
- [377 British Pharmacopoeia] General Medical Council. *British Pharmacopoeia*. London, 1867.
- [378 Gray's Anatomy] Gray, Henry (1825-1861). *Anatomy, descriptive and surgical*. London, 1858.
- [379 Morton's Toxicology Chart] Morton, William John Thomas (1800-1868). *A veterinary toxicological chart containing those agents which are known to cause death in the horse and other domesticated animals; with the symptoms, antidotes, action on the tissues, and tests*. London, 1840.
- [380 Varnell's Map of the arteries] **NOT FOUND**
- [382 Roscoe's Chemistry] Roscoe, Henry Enfield (1833-1915) *Chemistry*. London, 1872.
- [383 Percival's Anatomy] Percivall, William (1793-1854). *The anatomy of the horse: embracing the structure of the foot*. London, 1858.
- [384 Principles of Peace] Possibly Hancock, Thomas (1783-1849). *The principles of peace exemplified*. London, 1839.
- [385 Kirks Physiology] Possibly Kirkes, William Senhouse (1823-1864). *Manual of physiology*. Philadelphia, 1853.
- [386 Strangeway's Anatomy] Strangeways, Thomas (1824-1869). *Descriptive anatomy of the horse and domestic animals chiefly compiled from the*

- manuscripts of Thomas Strangeways and professor Goodsir.* (Eds J. Wilson Johnston and T.J. Call). Edinburgh, 1870.
- [387 Paget's Pathology] Paget, James (1814-1899). *Lectures on surgical pathology,* London, 1870.
- [388 Clater's Cattle Doctor by Armitage] Clater, Francis (1756-1823). *Every man his own cattle doctor; entirely re-written to the present date by Armitage, George (1756-1823), with copious notes, added recipes, etc.* Halifax, 1861.
- [389 Quain and Sharpey's Anatomy] Quain, Jones (1796-1865); Sharpey, William (1802-1880) (editor), Thomson, Allen (1809-1884) (editor) & Cleland, John (1835-1925) (editor). *Quain's elements of anatomy.* 2 volumes, 7th edition, London, 1867.
- [391 Morton's Pharmacy] Morton, William John Thomas (1800-1868). *A manual of pharmacy, for the student of veterinary medicine; containing the substances employed at the Royal Veterinary College, with an attempt at their classification, and the pharmacopoeia of that institution.* London, 1837.
- [392 Jones Natural History] Jones, Thomas Rymer (1810-1880). *The natural history of animals.* London, 1845-1852. 2 vols.
- [393 Williams Principles and Practice of Veterinary Surgery] Williams, William (1832-1900). *Principles and practice of veterinary medicine.* London, 1874
- [394 Hooper's Medical Dictionary] Hooper, Robert (1773-1835) Possibly Lexicon medicum, or, Medical dictionary. New York, 1856.

Various Books.

- [395 Braithwaite's Retrospect of Medicine from 1851 (not complete)]
- [396 Lancet from 1843 (not complete)]
- [397 Medical Times (not complete)]
- [398 Horse's Physiogamy of disease folio]
- [399 Edinburgh Veterinary Review from 1853 (not complete)]
- [399a Todd's Chemical Lectures]

Other effects belonging to the Society

- [400 Arm Chair]
- [401 Book of botanical specimens]
- [402 Materia medica specimens and phials with catalogue thereof]
- [403 Desk]
- [404 Press for library and keys of presses and cases]
- ~~[405 Kamphalicon for floor] ???~~
- [406 Water bottle and tumblers]
- [407 Two glass frames for notices]
- [408 Wax model of brain of horse and case]
- [409 Injection syringe]
- [410 Copies of old rules, large quantity of printed diplomas, and stationary]
- ~~[411 A number of Hand Towels]~~
- ~~[412 Microscope]~~
- ~~[413 Table chairs and benches]~~
- 414 Jars for specimens]
- [415 Green Baize table cover]
- [416 Seal or stamp for society books and parts]
