

RECENT PUBLICATIONS IN SCOTTISH GOVERNMENT AND POLITICS

C H Allen

The list below covers material omitted from previous listing, and material published since the last list in the period 1.6.86 to 31.5.87. Where a publisher is not specified, the publisher and author are the same. I would be grateful to be told of any errors or omissions.

To make it easier to obtain theses on inter-library loan, I have included where possible the British Library (Lending Division) or University Microfilm numbers; these should be quoted when applying for a loan copy.

As there now exists a current index to the *Scotsman* (contact Ted Lloyd-Gwilt, Scotsman Index Project, 21 Buccleuch Place, Edinburgh) I no longer cite newspaper feature articles in the index. I also do not list reports of investigations by the local Government Ombudsman.
