RECENT PUBLICATIONS IN SCOTTISH GOVERNMENT
AND POLITICS

C. H. ALLEN

Department of Politics, University of Edinburgh

The lists below cover material omitted from earlier lists, and material published since then, in the period 1.6.78 to 31.5.79. As before, I would be grateful for notification of missing items.

The items are once again divided into two lists, the first covering books, pamphlets, long articles and major sets of newspaper features; and the second covering brief articles and newspaper features. There is a break in the numbering, with the second list beginning at 500, to allow for easier identification of longer pieces in the Index at the end of the lists.

Certain periodicals have been abbreviated thus:
